

TOSCOCORNICI PORTE 2013

presentazione

Dalla natura attraverso la tecnologia al servizio delle persone al prodotto finito migliore

A collage of 15 images illustrating the wood processing workflow. The images show various stages: raw logs, a large industrial sawmill, a worker operating a lathe, a worker using a planer, a worker using a jointer, a worker using a table saw, a worker using a router, a worker using a sander, a worker using a glue pot, a worker using a nail gun, a worker using a drill, a worker using a screwdriver, a worker using a wrench, a worker using a hammer, and a worker using a tape measure. The images are arranged in a grid-like fashion, with some images overlapping others, creating a sense of a continuous process. The text 'Dalla natura attraverso la tecnologia al servizio delle persone al prodotto finito migliore' is overlaid on the top left of the collage.
